There are three keys of copper, jade and crystal, to unlock three gates. The gates stand between you and the Egg. Find the key, unlock the gates, grab the egg and you're the winner. A lot of obstacles stand in your way. Each key and gate will require patience and a brilliant mind to crack.

Three hidden keys open three secret gates
Wherein the errant will be tested for worthy traits
And those with the skill to survive these straits
Will reach the end where the prize awaits
